# WHAT DO WE OFFER?

[www.husainygroup.com](http://www.husainygroup.com)

# TECHNOLOGY SOLUTION

Our **Technology Solutions** help businesses grow through effective use of digital technology. We support seamless digital transformation through the integration of advanced software systems, IT infrastructure, and smart digital tools. Our solutions improve efficiency, productivity, and support business scalability.

- **Digital Transformation**

Modernize business operations using cloud, automation, and AI. This helps businesses grow and stay competitive.

- **Web, Mobile & IT Solutions**

Design websites, mobile apps, and user-friendly interfaces. We also provide software development, hardware setup, and IT infrastructure.

- **Consulting & Managed IT Services**

Align technology with business goals. Our Managed IT Services ensure reliable and continuous system support.

- **E-commerce & Digital Solutions**

Build e-commerce platforms with secure payment integration. Our digital solutions help increase engagement and online sales.

# VISUAL ARTISTRY

The **Virtual Artistry** provides a comprehensive range of creative and technical services, including 3D modeling, precision 3D printing, laser engraving, and quality tufting solutions. Supporting prototyping, product development, and customized creations, we combine technical accuracy with creative expertise to deliver reliable solutions across both digital and physical applications.

- **Laser Engraving**

Deliver precision laser engraving services on materials such as wood, metal, and glass, producing refined designs suitable for both customized products and industrial applications.

- **Tufting**

Provide professional tufting solutions that create durable, soft textures for carpets, rugs, and upholstery, combining functionality with refined design quality.

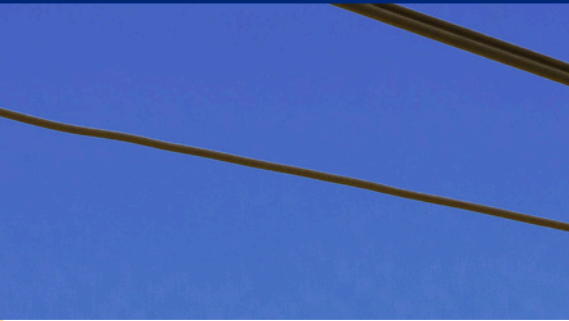

- **3D Printing**

Offer advanced 3D printing services to produce highly accurate components and prototypes, supporting efficient product development with consistent quality.

- **Origami**

Deliver origami solutions that produce intricate folded designs, enhancing both functional value and decorative appeal.

# ENGINEERING HUB

The **Engineering Hub** at Husainy Group Resources delivers advanced virtual engineering services, supporting design, simulation, and technical analysis. We help clients optimize projects through precision-driven solutions, leveraging the latest technologies to achieve reliable and high-quality engineering outcomes.

- **2D Drafting & 3D Modeling**

We deliver accurate 2D drafting and advanced 3D modeling to produce clear, detailed designs for diverse engineering applications.

- **Mechanical Design**

Our mechanical design covers custom vending machines, machining, cutting, and electronics, supported by professional machine repair to ensure performance and reliability.

- **Industry-Tailored Inventory Solutions**

We provide customized inventory solutions across industries, including F&B and specialized events, ensuring efficient stock control, timely supply, and market adaptability.

- **Fibre Network Installation**

We deliver high-speed fibre network installation, providing stable and reliable connectivity for modern business operations.
